SUMMARY

Enthusiastic Computer Science Engineering student with hands-on experience in Web Development, Cybersecurity, IoT-based solutions, and AI-driven applications. Passionate about building secure and scalable software systems with strong problem-solving skills. Experienced in research, patent publication, and hackathon-winning projects involving secure data sanitization and sustainable technology solutions. Interested in Web Development, Cloud Security, Artificial Intelligence, and emerging technologies.

EDUCATION

BE-Computer Science and Engineering
Amrita college of Engineering and Technology- 2023-Present
HSC and SSLC
Government Higher Secondary School -2023

INTERNSHIP EXPERIENCE

Codebind tecnology | Chennai June 2025 - July 2025
Web developer Intern

- Developed a movie ticket booking website using HTML, CSS, JavaScript, PHP, and MySQL.
- Attended workshops on AI and aptitude enhancement.

SRISHTI INNOVATION | Thiruvananthapuram February 2024
Android Development Intern

- Gained hands-on experience in Android app development during a one-week training.
- Demonstrated quick learning and active participation.

BITS Information technology | Kanyakumari March 2023 - May 2023

- Completed Advanced Diploma in Computer Applications, covering Office Automation, Tally, HTML, and Desktop Publishing.
- Earned an A+ grade through hands-on training at a local computer centre, demonstrating strong proficiency in business software, web basics, and digital design tools

PROJECT

EcoWipe – Secure Offline Data Wiping Application Winner – Amrita Hack Fest 2025 (Software Category)

- Developed offline secure data wiping solution for e-waste recycling.
- Implemented multi-pass wiping, AES encryption, SHA-256 tamper-proof certificates, and QR-based verification
- Integrated offline AI assistant and eco-impact tracking features.

Online Movie Ticket Booking System

- Built responsive booking application using HTML, CSS, JavaScript, PHP, and MySQL.
- Implemented seat selection, booking workflow, and database integration.

E-Commerce Website

- Developed shopping website using HTML, CSS, and JavaScript with product browsing and cart features.

TECHNICAL SKILLS

- Languages: Python
 - Web Technologies: HTML, CSS, JavaScript
- Tools : GitHub, Visual Studio code
 - Web development: Frontend, responsive design

ACHIEVEMENTS

- Winner – Amrita Hack Fest 2025 (Software Category)
- Published Patent – Context-Aware Eco-Wiping System Using IoT for Autonomous Secure Data Sanitization
- Research Paper Presentation – ICCICT 2026 International Conference

SOFT SKILLS

Problem Solving | Team Collaboration | Communication | Adaptability

Languages: English, Tamil
